SCHOOL SUPT. FILES REPORT FOR PAST YEAR

Statistics Show Interesting Facts Concerning Educational System.

County Superintendent of Schools Roy Good has completed his annual report to the state superintendent for the year commencing July 1, 1919 and ending June 30, 1920.

The report, which is very intricate and detailed, furnishes a great deal of interseting data concerning the schools of Mendocino county.

It cost the county $47.61 per pupil to teach each child in the elementary grades during the school year, this cost not including money spent for school building and repairs. The cost per pupil in the high schools was $161.26, approximately four times the amount spent on each pupil in the grammar grades. This cost does not include money spent on school buildings.

Approximately $1000 was paid to each teacher in the grammar schools, while $2000, approximately also, was paid to each high school teacher.

The average daily attendance in the grammar schools was 3,303 and in the secondary schools 528. The enrollment in the grammar schools was 4,083 and in the high schools, including night schools and special classes, was 728.

Three hundred and fifteen students were graduated from the elementary schools of the county, and one hundred and three were graduated from the various schools of the county.

One hundred and sixty five teachers were employed in teaching the elementary schools of the county, and forty-four conducted the high schools.

Perhaps one of the most interesting features of the report was that showing the accelerated, normal and retarded students. These three classes consist of students who are in classes advanced for their ages, those whose classes compare with their ages, and those who are behind the class that they should naturally be in. In connection with the latter class, Superintendent Good has pointed out that such a classification does not indicate inferior mentality but in most cases in the result of poor schooling facilities, and lack of opportunity for advancement.

Of the 4,080 students enrolled in the grammar grades in the county 2,460 are normal, 1,479 are retarded and 141 are classed as accelerated students.

BUD BORING INJURED IN BICYCLE ACCIDENT

Bud Boring, young son of Mr. and Mrs. P. J. Boring of this city, suffered a painful accident Wednesday, when the heel of his right foot got caught between the forks and the front wheel of his bicycle. Practically all of the fleshy part of the heel was torn off.

The accident happened while the lad was riding his bicycle down Perkins street towards the depot. The wheel skidded and in trying to balance the bicycle his foot got caught in the wheel.

Dr. Van Allen dressed the wound, and the plucky little fellow is around on crutches.

The injury, though painful, is not thought to be serious.

Eight carloads of stock were shipped to the San Francisco market this week through the Marketing Department of the Mendocino County Farm Bureau. Oi! Oi! He Made Vivdy Zendt Sprindt Around de Blogk

Habitues of the courthouse square stood in open-mouthed astonishment last Tuesday morning as a corpulent son of Israel left Don Brown's cigar store on the high and did what appeared to be an aimless marathon around the courthouse block, returning to the store completely blown.

Frank Albertson was the sport who paid for the entertainment. Albertson was complaining that an attempt to get a bunch of kids on bicycles to ride a race around the block the day before for a 50 cent purse had fallen flat. A traveling man who was trying to sell Brown some cigars said he would do anything for 50 cents. Albertson took him up, but the drummer was game, hence the sprint. When he returned, Albertson complimented him on his gameness. "What's your name, lad? I'll say you're some sport," said Frank.

"My name's Go'en."

"I'll say you can go, alright. Here's your 50 cents."

"Oi! Oi! Zuch easy money! Dondt you know a Jew vill do anydings vor money?"

And Cohen to show he was really a "dead game sport" invested the 50 cents in cigars for the crowd.

MARKET DEPARTMENT OF FARM BUREAU PLANS FOR PERMANENT CORPORATION

At a meeting of the board of directors of the Mendocino County Farm Bureau held in this city last Thursday, it was decided to incorporate the marketing department of the bureau, and Attorney Charles Kasch has been retained to secure the articles of incorporation. The corporation name will be "The Mendocino County Farm Bureau Marketing Department." The board of directors and the membership will not be affected by the incorporation, which is merely to give the department legal status, and place financial responsibility on a pro rata basis.

The men were named at the regular meeting of the post held last Wednesday evening. K. P. Buchanan and Lawrence Waugh were named as alternate delegates.

A committee was appointed to investigate conditions and make tentative arrangements for the improvement of the Legion's memorial plot in the cemetery. All funds which have been subscribed will be collected within the next few days, as it was decided that the improvements on the lot must be made within the next two months. LIBEL SUIT IS STILL PENDING

RETRACTION IS PROMISED IF FACTS ARE FOUND TO WARRANT IT

Letters from Walter Nagle, manager of the Santa Rosa "Rosebuds," whose alleged interview with one of the staff of the Santa Rosa "Republican" in regard to the umpiring of Oscar Hargis, has been branded as libelous, and from J. Elmer Mobley, editor of the "Republican" have been received by Attorney Lilburn Gibson, during the past week. Gibson has been retained by Hargis to bring a libel suit against the "Republican" unless a retraction is printed in the near future.

Mobley's letter is more or less conciliatory in nature and is as follows:

Santa Rosa, July 18, 1920.
Mr. Lilburn Gibson, Ukiah, Cal.,
Dear Sir:—

Absence from the office for some days past has prevented an earlier reply to your two letters which have been received here. In my absence no one here was authorized to take up the matter with you.

The writer does not wish to do a wrong or injure the reputation of any man, and has always carefully guarded matters appearing in the columns of this paper.

If an investigation of the facts regarding the article of which you complain discloses that an injustice has been done to your client, you can be assured that whatever correction appears to be proper under the circumstances will be made.

Very truly yours,
(Signed): J. Elmer Mobley.

The letter from Nagle denies that he gave an interview to a member of the Republican and denies that he ever authorized the printing of the article which appeared on July 7.

An excerpt from the letter is as follows:

In the first place I desire to inform you that I did not give that statement to the Republican and did not know such an article was to appear until I saw it in print that evening. I was telling a friend of mine who was in my place of business that morning about the game at Ukiah and about the "wonderful" umpiring during the second game and it seems that there is a representative of the Republican standing by the counter taking it all in. Then without saying anything to me or even asking me anything about it he wrote the story. . . . .

While the game was in progress several Ukiah people told us that the umpire was not to be trusted; that he was a gambler and ran a pool hall etc., etc., so you can imagine how we all felt about it.

Nagle goes on to state that he "hopes this explanation will be satisfactory," but whether or not Hargis' attorney will be "satisfied" remains to be seen. It is pretty safe to say, however, that something more than mere promises must be forthcoming.

Evidently the "Ukiah" people who informed Nagle about Hargis picked the wrong fellow, for Hargis certainly is not a pool room magnate. We wonder if Nagle could be referring to Harry Johnson. And if such is the case we wonder if Johnson will agree with what Nagle seems to imply, that a man who runs a pool room is not to be trusted, and must needs be a gambler?

MARRIAGE LICENSES

Marriage licenses were issued during the past week to the following couples: Edward V. Pettis, of Ukiah, and Gladys Herron of Oklahoma; Fred Frye and Willie I. Clay, both of Boonville; Edward Michelson and Mildred Cottrell, both of Ukiah; Neil Berkovits and Esther C. Handelin, both of Fort Bragg; Angelo V. Niemi and Ida Sarrijarri, both of Fort Bragg; George I. Brooks and Clara Lawler, both of Sherwood; Huber R. Chandler of Petaluma and Dorothy Cole of Mendocino; Waldrin Reinhardt of Hullville and Daisy M. Green of Oakland.

CANDIDATES FOR AUGUST PRIMARY

TIME LIMIT FOR FILING OF PETITIONS EXPIRED YESTERDAY EVENING

The following had filed petitions to get their names on the ballots for the August primary up to the hour of closing the county clerk's office last evening.

Congressman: Chas. Perry, of Healdsburg; Supervisor 1st. dist., D. H. Lawson and E. L. Williams; supervisor 2nd dist., E. M. Ford, J. V. Ray, J. M. Luce, Nicholas Cocking; supervisor fourth dist., W. H. Ross; assemblyman, Pat Connolly and J. A. Pettis; superior judge, W. D. L. Held, H. L. Preston.

A petition filed by Byron Gowan for the republican nomination for assemblyman against J. A. Pettis, was withdrawn yesterday.

However, not all the candidates running have filed petitions in this county. James D. Phelan will run as candidate for the Democratic nomination for U. S. Senator, while Sam Shortridge, Wm. Kent and A. J. Wallace will contest for the Republican nomination. Besides Perry, Euvelle Howard, of Lakeport, is out for the republican nomination for congressman, while Clarence F. Lea is the only contestant for this office in the Democratic primary. It is stated, although the statement could not be substantiated last evening, that republican friends of Lea will put his name in the republican primaries also.

An 11th-hour effort was being made last evening to get signers on a petition putting P. I. Lancaster up as delegate to the state republican convention. The fact that the republicans had to elect a delegate this year in this district had almost escaped notice. The petition had not been filed up to the hour of closing the clerk's office last evening at 5:00 o'clock.

As regards county offices, in cases where there are only two candidates running, the contest will be settled in the primary. This means that the supervisor fight in the first district between Lawson and Williams; the re-election of Wm. Ross as supervisor of the fourth district, he being the only candidate; and the superior judgship, will all be settled at the primary. In the second district, Ford's backers are claiming that he will receive a majority of all the votes cast for supervisor and that he, also, will be elected in the primary, as he was four years ago.

BUYS HIRSCH PROPERTY

P. J. Boring this week purchased the Hirsch property formerly occupied by Ed. Porter's saloon on north State street.

CONNOLLY TO CARRY BANNER OF DEMOCRACY

Pat Connolly, heary veteran of many a hard-fought political campaign, this week filed his petition for a place on the democratic ballot for the nomination of assemblyman at the primary election August 31. As Mr. Connolly is the only contender for the honor, his nomination is assured, and he will carry the standard of democracy through the fall campaign against J. A. Pettis, who will in all probability be the republican nominee, as he has no opponent for the republican nomination.

That the campaign will be chuck full of pep, goes without saying, for Connolly is an aggressive fighter and Pettis will find in him a foe worthy his best efforts.

Mr. Connolly has a wide acquaintanceship all over the county and partiuclarly on the coast, where he worked in the sawmills for many years before his election as county recorder. He is close to the laboring man and is well liked among the business men of the county as well.

The contest for the assembly will be a pretty race, and should be a clean one as well, for both men are fair fighters.

Test Your Taxes In Comparison With Last Year

There has been much speculation as to just what the recent adjustment in the assessment has done to each individual taxpayer. If you want to test it out for yourself here is the way. On the yellow circular sent out to each taxpayer by Assessor Van Dyke is a statement of your assessment last year and one of the new valuation. Multiply your last year's assessment by $3.60 which was last year's rate; then multiply your assessment this year by $2.40. Compare the last result with the first and you will be able to ascertain whether you will be paying more taxes this year or less.

The rate of $2.40 is approximately what the rate ought to be this year to take care of all contingencies forseen at this writing. Of course this does not cover municipal taxes or special taxes for district bonds, etc., but will give a fair idea of what the "outside" rate will be.

CARL PURDY NAMED TO SUPERVISE COUNTY EXHIBIT AT STATE FAIR

Mendocino county is going to have a representative exhibit at the State Fair which opens at Sacramento on September 4, according to an announcement made by Farm Adviser Myszka this week. At the meeting of the Farm Bureau held last Thursday the matter was decided, the Farm Adviser having previously consulted the board of supervisors as to the advisability of the project. The board advised the appointing of some one to have general supervision of the exhibit, and who could make a general estimate of the expenses that would be incurred. Carl Purdy was appointed to this task, and his report will be presented to the supervisors and an apportionment asked.

The exhibit will be general in nature and all of the farm produce of this county will be embodied in it.

The fair will last from September 4 to September 12.

SOME SPLENDID FEATURES COMING TO THE VICTORY

Patrons of the Victory theatre Wednesday night and last night were more than repaid in the fine program that was put on. Mr. Davis, proprietor, had secured a fine comedy program, and promises other special features to follow soon. The first of these will be "Pollyanna," with Mary Pickford in the leading role, which is billed for next Wednesday and Thursday.

Others are "The Silver Horde" a Rex Beach story; "The River's End," by Curwood; and "Old Kentucky," one of the favorites of the old time days of the comedy drama, which has been put on the screen.

Admission to these pictures costs all the way from 50 cents up where they are shown in San Francisco. Against this Mr. Davis is asking but 44 cents for adults and 22 cents for children. These pictures cost $100 a day each, or $200 for the two days' run, but they are among the best current and since Ukiah audiences have called for pictures of this grade, they ought not to be averse to pay the added cost.

Under the circumstances the rate charged at the Victory is more than reasonable and Ukiah people should encourage the management by a liberal patronage.

SEEK DISSOLUTION OF PARTNERSHIP

H. E. Dewey and H. E. Davis, majority stockholders in the Ukiah Garage Company, have filed a petition for voluntary dissolution of the company. The petition was filed through Charles Kasch.

Wedding Bells Ring For Edward V. Pettis Sunday

A wedding of unusual interest took place at the home of Rev. and Mrs. C. E. Pettis, at Talmage, last Sunday afternoon, when their son, Lieutenant Edward Pettis, took as his bride, Miss Gladys Fulton Herron, of Woodward, Oklahoma. Only the relatives were in attendance. The ceremony was performed by the groom's father, the beautiful and impressive ring ceremony of the Methodist Episcopal Church being used. Prior to the wedding march, which was played by Mrs. Ruth Hofman, Miss Alice Pettis, sister of the groom, sang "The Dawning," by Cadman. The bride was attended by her sister, Miss Mary Herron, and the groomsman was Atty. J. A. Pettis, a brother of the groom.

The affair was a pastel wedding, the Pettis home being banked with pink, white and lavender flowers, The bride was attired in lavender, carrying pink carnations and ferns, while her sister wore pastel blue and carried white carnations and ferns. Following the ceremony refreshments were served and the happy couple departed by motor for a trip through Lake county.

The bride is a beautiful and charming young lady, her sister also being a girl of unusual beauty. They are members of an honored and prominent family of Virginia and South Carolina, being direct descendants of Wade Hampton, the first governor of South Carolina. Mrs. Pettis is an accomplished pianist, having received her musical education at the Boston Conservatory of Music. She and her sister arrived here about three weeks ago on a sight-seeing tour, and have been visiting at the Pettis home ever since their arrival.

The wedding rounds out a romance that began two years ago when Lieutenant Pettis was stationed at the aviation camp at Call Field, Texas, where the attachment was first formed.

The most sincere wishes for the couple's future happiness are extended by the groom's friends here, who are legion.

CHEAPER LUMBER?

BUILD NOW.

People everywhere have put off building and repairing hoping for a drop in price.

The DROP has come—and GONE

We have lumber to sell but nevertheless, we want to advise our customers correctly. We have given the price of lumber a lot of consideration lately.

Our OPINION

Is that lumber is as low right now as it will be this year and we believe it will go higher before it ever goes lower.

Why—Because

Lumber now on hand was made under the present high wage scale. Wages have not been reduced. We think we are reliably informed that it costs the Lumber Mills about $34.00 to deliver Common Pine to San Francisco. The present wholesale price is $38.00.

Rather than to put the price any lower a large number of the Northwest mills (said to be about 100) shut down until lumber could be moved. The stand still was brought about by the railroad strike.

When the mills shut down they were cutting only about 60 per cent of the demand in orders. Inability to ship allowed the yards to accumulate considerable stock but it was already sold to be shipped as soon as cars could be moved.

There is no reserve stock in the Northwest

Price of pine regulates the price of Redwood. Pine dropped about $8.00 for a short time. It has now advanced $5.00 and it is expected to advance again as soon as the car shortage is improved. Redwood declined in a few instances but no regular permanent drop was made and no new lists issued.

The drop in price was only a temporary affair caused by an effort to make the Pacific Coast consume the supply while the strike continued to affect eastern shipments.

We have recently talked with a number of large lumber dealers and it is their opinion that lumber is at the bottom right now and will go higher before it ever goes lower.

If you are at all interested come in and talk with us. Let us show you in detail what we have learned about the situation.

RENEWED TESTIMONY

No one in Ukiah who suffers backaches, headaches, or distressing urinary ills can afford to ignore this Ukiah woman's twice-told story. It is confirmed testimony that no Ukiah resident can doubt.

Mrs. E. Dunn, 325 Perkins Strret, Ukiah, says: "I think over-work is what weakened my kidneys and caused lame back about a year ago. When I washed or ironed twinges of pain caught me in the small of the back and I felt miserable all over. Mornings I felt more tired than before going to bed and suffered from headaches and dizzy spells. I heard about Doan's Kidney Pills and boxes from Gibson's Drug Store removed the trouble and made me feel better in every way." (Statement given June 22, 1916).

On February 17, 1920, Mrs. Dunn said: "I have had no need of a kidney remedy since Doan's Kidney Pills cured me and I always recommend them."

PIONEER OF '58 TAKEN BY DEATH JULY 16TH

WILLITS, July 19.—James M. Painter died at the home of his daughter, Mrs. Anna Matteson, July 16, after an illness of several months' duration. Several weeks ago he was stricken with a third stroke of paralysis and it left him helpless.

Mr. Painter was born in Winchester, Virginia, Ooctober 11, 1939. He first came to California in 1858 and afterwards joined the group of Indian fighters and guides under the command of Lieut. Subletts and Kit Carson. When the Civil War broke out he returned to his old home in Virginia and enlisted in the Confederate army under General Green. He was in thirteen battles and was finally made prisoner at Vicksburg and sent to a prison camp in Illinois.

He returned to California in 1866 and the following year followed the gold rush to Montana, but was unsuccessful in his quest for gold. He then returned to Virginia and married, and three children were born to this union, only one, of whom, William, is living. In 1868 he again returned to California and followed farming near Petaluma until 1882 when he moved to this county and settled in Ukiah valley.

He moved to this valley about 1866 and rented the old Frost ranch which he farmed for several years. He then went down on the Outlet and took up a claim near what is now Arnold station.

His second wife died while he lived at Ukiah and one daughter, Anna, now Mrs. Matteson, was the only child of this union.

MENDOCINO CO. MAN TO STAR IN MOVIES

DOS RIOS, July 19.—Walter Gravier, the well known Dos Rios "buckaroo," will probabaly become the best known cititzen of Mendocino county and will rank with Mary Pickford and Douglas Fairbanks, for he has signed up with a Los Angeles moving picture firm and will leave for the south very shortly.

Mr. Gravier is about six feet four and perfectly proportioned, weighing probably 250 pounds. He is not at all homely, and some call him pretty, but we will have to leave this for the ladies to decide. Walter has been a rider ever since he was big enough to climb on a horse's back and he claims to be able to ride any animal that has four legs.

In a few months we will see Walter's smiling countenance in wild west pictures at our movies.

JURY DISAGREES IN DILLINGHAM CASE

Attorneys Weldon & Wessels were called to Lakeport the latter part of last week to conduct the defense of Brian Dillingham, a young man of Albion, who has been teaching in Lake county. Dillingham punished one of his students for running away from school, and the parents took exception to the matter and had him arrested on a charge of inflicting cruel and unusual punishment. The jury stood 11 for acquittal and one for conviction, and the case probably will be dismissed.

The evidence brought out the fact that the boy's parents had sent word to the teacher through the boy himself that he should be whipped.

BABY BOY ARRIVES IN SAM RAY HOME

Sam Ray, popular launderer of cars, is even more jubilant and noisy than ever this week. The cause is this: Thursday morning his wife presented him with a bouncing eight pound baby boy. Sam maintains that his young offspring even now shouts "papa" at the top of his young lungs, and states that the kid bids fair to outdo the father when it comes to making noise, which, all will agree, will be quite some contract. Mother and babe are reported as doing nicely.

FOUR CARLOADS OF WOOL POOLED BY COUNTY GROWERS

Four carloads of wool, aggregating approximately 104,000 pounds were shipped to Chicago during the last week. Two carloads were shipped Friday and two last Monday. The wool was consigned to the National Wool Growers' Association warehouse at Chicago, and will be held there until there is a rise in the market. Another shipment consisting of one carload will be sent from Cloverdale during the first part of next week.

WRECKED BOAT HINTS OF GRIM SEA TRAGEDY

FORT BRAGG, July 22.—The finding of a 30-foot boat washed ashore on the Inglenook beach is thought to explain the fate of Helga Torstensen, chief master-of-arms of the U. S. Navy, who sailed from Aberdeen, Washington, June the 19th, in a small boat for San Francisco, and who disappeared after being sighted June 23, last. It is thought that the boat at Inglenook is the one that Torstensen sailed and that he met with rough weather and was drowned.

MOTOR TRUCKS WILL AID IN MARKETING

As the time draws near for the harvesting and marketing of Lake and Mendocino crops, the question of transportation is of vital importance. The railroads will be in a position to furnish cars, but to deliver from the ranch to the cars is the problem yet to be solved.

F. E. Hoyt, Republic distributor, makes the following statement:

"Lake and Mendocino county fruit crops, while not quite as large as last year will be sold at prices to assure big returns to the growers. In order to get these returns the crop must be marketed on time and in the best condition.

The demand for trucks in the fruit belt throughout the state and the prices paid for hauling makes it uncertain that sufficient trucks will be available for moving the crop here.

To guard against a loss such as growers have experienced in other years, many of the larger growers are purchasing their own trucks.

The Republic Motor Truck Company with its main factory at Alma, Michigan, have found it necessary to establish auxiliary factories at different shipping centers in the U. S. one of which is located at San Francisco. This enables them to carry parts in big quantities for assemply in the different branches when cars for shipping completed trucks are not available.

On account of its simplicity of operation and upkeep combined with its sturdiness, Republic trucks are the most popular with the rancher and lead in sales to that class of business.

Mr. Hoyt sends out the warning to local fruit growers to make their provisions now, either to purchase a truck or arrange with a reliable man by contract so he is sure his crop will be marketed and not rot on the trees or vines."

HOLLAND LAND COMPANY OFFERS GOOD INVESTMENT

SACRAMENTO, July 22.—A farm tract with restrictions that produce correct farming, prevent weed growth, keep the soil properly cultivated and insure planting of the right crops is a feature of the famous garden, fruit and alfalfa section of the Sacramento valley extending from Sacramento to Rio Vista.

This restricted area is the Holland Land Company's 20,000 acre reclaimed tract of deep, rich river sediment land that yields almost anything in the cereal, fruit and vegetable line, and in quantities that make the fourteen channel landings on the massive levees groan. President J. V. Mendenhall of the corporation, a man with an ambition to create the most productive property and most prosperous farm community in the State is proud of the success attained, and all the investors in the tract vote the restriction plan the right one for sure prosperity and advantageous farming conditions.

The company is selling the tract off in farms on the easy payment plan. It was reclaimed when reclamation cost was low and can make unusually low prices for such productive and lasting land, which has the added advantage of plenty of moisture from sub-irrigation just when needed, insuring crops no matter how dry the year may be. Many from various parts of the State are investing. Many farmers in this section who know the land are among the buyers.

Barley, a big money maker, but which will soon be entirely supplanted by crops that yield still larger cash returns, is yielding fifty sacks to the acre this year on Holland. Other yields are peas, two tons, alfalfa, seven tons; sugar beets, twenty-five ton estimate with probable thirty tons; large returns from commercial seed, Bartlett pears and potatoes. Beans went a ton and a half last season. New asparagus fields promise 100 per cent. The land is excellent for fruit, but having been reclaimed but four years there has not been time to bring orchards to full bearing. Walnut trees line all the broad roads, which are kept in superb condition.

BASEBALL GAME EASY VICTORY FOR LOCALS

The local baseball team won an easy victory last Sunday afternoon over the Sebastopol nine, the score being 21 to 0. The only redeeming feature of an otherwise jazzless game was the comedy furnished by the visitors' battery. A short fat catcher and a tall slim pitcher furnished a temptation to the grandstand that could not be withstood.

The Sebastopol boys took the joshing in good part, however, and there were no casualties.
